

## **PROJECT ARCHAEOLOGIST – PORTSMOUTH, NEW HAMPSHIRE**

Independent Archaeological Consulting, LLC, a small, woman -owned CRM firm is seeking a full-time **Project Archaeologist** to assist with projects in New Hampshire, Maine, and Vermont.

The successful candidate must possess demonstrable skills in cultural resources management (CRM) survey from managing field projects and crew to producing a well written and comprehensive technical report of findings. Proficiency in both Pre-Contact and Post-Contact material culture is preferred, although we will consider applicants with strengths only in Post-Contact archaeology.

### **REQUIREMENTS INCLUDE**

- Graduate degree in Anthropology or Archaeology
- A minimum of two years supervisory and project management experience
- Strong writing skills
- Proficiency or experience with ESRI® ArcGIS (or similar GIS software)
- Ability to systematically excavate/interpret cultural features at sites spanning Pre- and Post-Contact eras
- Ability to manage multiple projects within budgetary limits
- Ability to identify, catalog, analyze and provide written interpretation of Post-Contact artifacts
- Ability to perform strenuous archaeological fieldwork outdoors in a variety of weather conditions; hike for extended periods of time in challenging terrain
- Be able to travel for fieldwork as required
- Maintain a valid Driver's license
- Have access to a reliable vehicle for travel and transportation of equipment
