Purpose and Methodology

- ▼ An online study was completed in order to gather information about salaries and benefits of employees in the Cultural Resources Management (CRM) industry.
- ▼ Participants were invited from throughout the United States.
- ▼ Both American Cultural Resources Association (ACRA) members and non-members provided information.
- ▼ The surveys for the Midwest Western region (IA, KS, MN, MO, ND, NE, SD) were entirely completed by 9 organizations and partially completed by an additional 4 organizations.
- ▼ The data collection period was April 26 to June 9, 2023.
- ▼ The average (median) completion time was 32 minutes.

- ▼ Questions are not necessarily shown in the order they were asked to respondents but are presented in a way that makes the most sense for the narrative of the data.
- ▼ Be sure to pay attention to sample sizes (N or n).
 N is used only when the question was able to be shown to the entire sample, while n is used when a question was only seen by a subgroup.
